EMBARKING ON A WALK & TALK

Left: Dr. Ben DeMayo, center, and the Friends of McIntosh Reserve group, stop to talk about the condition of longleaf pines in the reserve.

Above: Dr. DeMayo, left, leads a “walk and talk” at McIntosh Reserve Saturday morning, discussing various characteristics of the forest, plus details about the trees, flowers, ferns and other flora and fauna. The event is sponsored by the Friends of McIntosh and is held every third Saturday of the month. The public is always invited to walk along and learn more about the park and its history.

Local news when you want it...
